## PERSONAL STATEMENT

---

I'm a cyberspace training professional with 15+ years of technical work experience, who is interested in data science. I'm a creative and curious person, with a passion for learning and technology. I've recently completed graduate school in data science and analytics. I believe that my experience in the military, along with my ability to quickly learn new technologies and effectively communicate complex technical concepts to diverse audiences makes me an effective and strategic problem-solver.

## EDUCATION

---

### Howard University

May 2025

*MS, Applied Data Science and Analytics*

- Data visualization skills in Tableau, Power Bi, and Flourish.
- Hands-on experience in data conditioning and cleansing with Python, R, and OpenRefine.
- Solid academic foundation in statistics, machine learning, and SQL programming.

### University of Maryland – Global Campus

Dec 2021
